Website Accessibility Statement for Private Entities

pursuant to Article 3, paragraph 1, of Law no. 4 of 9 January 2004

General description

Tonini Finance is an informational website aimed at presenting the company and its services/activities.

Users may access the website in order to:

- consult information and/or read in-depth content and updates
- learn about the services and/or products offered
- find contact details.

The service is accessible from desktop devices and all mobile devices.

Accessibility statement

Tonini Finance is committed to complying with accessibility and inclusivity standards, in accordance with Law no. 4 of 9 January 2004.

This accessibility statement applies to https://www.toninifinance.com/en/ and describes its accessibility features and their level of compliance with the requirements set out in EU Directive 2019/882 (European Accessibility Act – EAA).

Compliance status

Partially compliant.

This website is partially compliant with the requirements set out in Annex A of the UNI CEI EN 301549 standard, due to the cases of non-compliance listed below.

Non-accessible content

The contents listed below are not accessible due to non-compliance with Law no. 4 of 9 January 2004.

Requirements	Level of compliance	Notes and explanations
1.1.1 Non-text Content	Not supported	Provide text alternatives for all non-text content

1.2.1 Audio-only or Video-only (Pre-recorded)	Not applicable	Provide transcripts for audio and descriptions for video content
1.2.2 Captions (Pre-recorded)	Not applicable	Provide captions for audio content in pre-recorded video
1.2.3 Audio Description or Media Alternatives	Not applicable	Provide audio descriptions or text alternatives for multimedia content
1.2.4 Captions (live)	Not applicable	Provide captions for live audio content
1.2.5 Audio description (pre-recorded)	Not applicable	Provide audio description tracks for video content
1.3.1 Info and relationships	Supported	Ensure information, structure, and relationships are programmatically determined
1.3.2 Meaningful sequence	Supported	Ensure that content is presented in a logical order
1.3.3 Sensory characteristics	Supported	Do not rely solely on sensory cues such as shape, size, or visual location
1.3.4 Orientation	Supported	Do not restrict content to a single display orientation
1.3.5 Identify Input Purpose	Supported	Specify the purpose of input fields to support autofill functionality
1.4.1 Use of color	Supported	Color must not be the only means of conveying information
1.4.2 Audio control	Not applicable	Provide a mechanism to pause or stop audio that plays automatically
1.4.3 Minimum contrast	Supported	Ensure sufficient contrast between text and background
1.4.4 Resize text	Supported	Allow text to be resized up to 200 percent without loss of content
1.4.5 Images of Text	Supported	Avoid the use of images of text unless strictly necessary
1.4.10 Reflow	Supported	Ensure content remains usable on small screens
1.4.11 Non-text contrast	Supported	Ensure sufficient contrast for icons and graphical elements
1.4.12 Text spacing	Supported	Allow spacing adjustments without loss of functionality

2.1.1 Keyboard Accessibility	Supported	All functionality must be operable through a keyboard interface
2.1.2 No keyboard trap	Supported	Avoid situations where users become trapped when navigating via keyboard
2.1.4 Character Key Shortcuts	Supported	Allow keyboard shortcuts to be disabled or customised
2.2.1 Timing adjustable	Not supported	Allow users to adjust or disable time limits
2.2.2 Pause, stop, hide	Not supported	Provide controls to manage moving or auto-updating content
2.3.1 Three Flashes or Below Threshold	Supported	Avoid content that flashes more than three times per second
2.4.1 Bypass blocks	Supported	Provide mechanisms to skip repetitive content
2.4.2 Page titled	Partially supported	Provide descriptive and meaningful page titles
2.4.3 Focus order	Partially supported	Ensure a logical focus navigation order
2.4.4 Link Purpose (In Context)	Partially supported	Link purpose must be clear from text or context
2.4.5 Multiple ways	Partially supported	Provide multiple ways to locate web pages
2.4.6 Headings and Labels	Partially supported	Headings and labels must be descriptive and informative
2.4.7 Focus visible	Supported	Keyboard focus must be clearly visible
3.1.1 Language of page	Supported	Correctly specify the primary language of the page
3.1.2 Language of parts	Partially supported	Identify language changes within the content
3.2.1 On Focus	Partially supported	Do not initiate context changes on focus alone
3.2.2 On input	Partially supported	Avoid unexpected context changes on input
3.2.3 Consistent navigation	Supported	Maintain consistent navigation placement
3.2.4 Consistent Identification	Partially supported	Identify similar elements consistently
3.3.1 Error identification	Supported	Clearly identify errors
3.3.2 Labels or instructions	Supported	Provide clear instructions for completing forms
3.3.3 Error Suggestion	Not supported	Provide suggestions for correcting errors

3.3.4 Error prevention	Partially supported	Confirm critical actions before submission
4.1.1 Parsing	Partially supported	Ensure markup complies with specifications
4.1.2 Name, Role, Value	Partially supported	Ensure UI components have appropriate attributes
4.1.3 Status messages	Partially supported	Provide programmatic status messages for dynamic changes

Terms used to complete the table

The terms used to indicate the level of compliance with accessibility criteria are defined as follows:

- **Supported**: at least one way of using the functionality fully satisfies the criterion, with no known defects, or satisfies it through an equivalent alternative
- **Partially supported**: one or more functions do not fully satisfy the criterion
- **Not supported**: most functions do not meet the established criterion
- **Not applicable**: the criterion is not relevant to the characteristics or purpose of the product.

Preparation of the accessibility statement

Latest update on 04/11/2026**.**

The assessment was carried out by third parties through objective and subjective analyses (see Article 3(1) of Commission Implementing Decision (EU) 2018/1523).

Review and maintenance

The statement was reviewed on the date indicated above, in accordance with the recommendation to periodically reassess, at least on an annual basis, he accuracy of the assertions contained in this accessibility statement.
